Note: The project costs reported in the Borrower's application and shown here in staff's report are estimated costs. At the time this financing closes, the estimated project costs will be finalized and stated in the Tax Certificate. Variations from the costs shown in the application and in this report may occur prior to the closing due to increased costs of certain components of the project from original estimates, and other reasons. In addition, such costs may vary after closing due also to increased costs, as well as common design and equipment modifications during construction, differences in equipment due to future changes in law or regulation or for other reasons. However, the Borrower confirms, through submission of a signed application and will confirm through covenants and representations in various bond documents, that all assets purchased with bond proceeds will qualify for tax exempt financing, that they will be used to complete the project as described, and that the average life tests required by

Agenda Item 5.D.1.

federal law and described in the Tax Certificate will continue to be met. Tax-exempt financing may be only one source out of multiple sources of financing for a given project.

Anticipated Timeline. Acquisition and construction of the Project commenced in December of 2012. The Borrower anticipates that the Project will be substantially completed in March of 2016.

Local Government. The Company received a letter of support from Jo Zientek, Environmental Services Department Deputy Director, City of San Jose (Attachment A).

Pollution Control and/or Environmental Benefits. The Company represents the project will generate the pollution control and environmental benefits described below.

Air Quality. As part of its commitment to the City of San Jose, the Company has retrofitted or will retrofit all of its collection vehicles to run on CNG, thereby reducing particulate matter associated with diesel fueled particles from the air.

Energy Efficiency. CNG is primarily a domestically produced product that will reduce the Company's reliance on foreign oil.

Safety and Compliance. The Project will be compliant with all State and local mandates.

Consumer Cost Savings and Efficiencies. The Company's original Franchise Agreement with the City of San Jose was granted as part of a competitive bidding process. In determining its proposed rate structure its capital cost considered the use of tax-exempt financing.

Permitting and Environmental Approvals. Since the Company will be financing the purchase of equipment and site improvements at its existing location, the Company represents that no discretionary permits or approvals are required for the development of this project, other than routine building permits at the Livermore site. The project is consistent with existing zoning and permits.

Financing Details. The Company anticipates issuance of negotiated tax-exempt, weekly reset, variable rate bonds with a term not to exceed 30 years for the qualifying portion of the project. The Company plans to secure the bonds with an irrevocable, direct pay Letter of Credit from MUFG Union Bank, N.A. that will be rated at least "A-" by Fitch Rating Agency or equivalent. The target date for financing is September 24, 2014.

**RE: California Pollution Control Financing Authority, Exempt Facility Approvals
Garden City Sanitation, Inc. DBA: Livermore Sanitation, Inc. and/or Its Affiliates**

Dear Ms. Webster-Hawkins:

Garden City Sanitation, Inc. DBA: Livermore Sanitation, Inc. ("Garden City") and/or its affiliates has submitted an environmental project to the California Pollution Control Financing Authority ("CPCFA"), for which approval will be considered on September 16, 2014.

I understand that in order to receive approval for the issuance of tax exempt bonds, on whose lower interest rates the "project" economics have been based, that CPCFA must designate part of the State's allocation for "private activity" bonds, as defined by the Federal government, to the "project."

Implementation of Garden City's Truck Retrofit project contributes to achievement of our GreenVision and Zero Waste goals. Garden City serves approximately 163,000 customers every week in San José and is on schedule to retrofit their fleet of 40 collection trucks by the end of this summer. This project was a highlight of the City's 2013 Green Vision Annual Report. Compressed Natural Gas ("CNG") conserves resources, reduces fuel costs, improves air quality, and decreases Greenhouse Gas (GHG) emissions. This project has, and will continue to, improve air quality. Please consider approving the Garden City project.

Sincerely,

Jo Zientek

Deputy Director

RESOLUTION NO. 11-169-05

**A RESOLUTION DEDICATING FOR USE OF A PORTION OF THE 2011 STATE
CEILING ON QUALIFIED PRIVATE ACTIVITY BONDS FOR AN
EXEMPT FACILITY PROJECT**

WHEREAS, the California Pollution Control Financing Authority (“CPCFA”) has received an application (“Application”) from Garden City Sanitation, Inc. and/or its Affiliates (“Project Sponsor”) for approval of the issuance of revenue bonds; and

WHEREAS, on September 16, 2014 CPCFA approved Final Resolution No. 538 (“Final Resolution”) authorizing the issuance of up to \$8,905,000 of its solid waste disposal revenue bonds (Garden City Sanitation, Inc. Project) Series 2014 (“Bonds”); and

WHEREAS, in seeking CPCFA approval of the Final Resolution, the Project Sponsor represented certain facts and information concerning the project to CPCFA which were relied upon by CPCFA in approving the Final Resolution; and

WHEREAS, the California Debt Limit Allocation Committee (“CDLAC”) has previously transferred to CPCFA a portion of the 2011 State Ceiling on Qualified Private Activity Bonds pursuant to Section 146 of the Internal Revenue Code of 1986, as amended, for use by CPCFA to issue bonds or other obligations in a manner consistent with CDLAC’s policies and procedures. Accordingly, capitalized terms not otherwise defined shall have the meanings ascribed to them in the “Procedures of the California Debt Limit Allocation Committee Implementing the Allocation of State Ceiling on Private Activity Bonds” (“CDLAC Procedures”); and

WHEREAS, it is appropriate for CPCFA to confirm the use of a portion of the 2011 State Ceiling on Qualified Private Activity Bonds allocated to CPCFA (“CPCFA Allocation”) to the issuance of the Bonds as set forth in the Final Resolution;

NOW, THEREFORE, CPCFA resolves as follows:

Section 1. CPCFA Allocation in the amount of \$8,905,000 is hereby dedicated to the issuance of the Bonds. The dedicated CPCFA Allocation may be used only by the Project Sponsor and only for the issuance of Bonds for the Project, as specifically described in Exhibit A, and consistent with the terms of the Final Resolution. All of the terms and conditions of Exhibit A, and the Final Resolution are incorporated herein as though set forth in full (this resolution, the Final Resolution and Exhibit A, collectively “Resolution”).

Section 2. The terms and conditions of this Resolution shall be incorporated in appropriate documents relating to the Bonds, and the Project Sponsor and all its respective successors and assignees, will be bound by such terms and conditions.

Section 3. Any modification to the Project made prior to the issuance of the Bonds must be reported to the Executive Director and shall require reconsideration by the CPCFA before the Allocation may be used for the Project.

Section 4. The CPCFA Allocation dedicated by this Resolution shall automatically revert to CPCFA unless the Bonds for the Project have been issued by CPCFA by the close of business on **December 31, 2014**. In a case of extreme hardship, the Deputy Executive Director or the Executive Director may extend this date by up to thirty (30) business days.

Section 5. Within twenty-four (24) hours of issuing the Bonds, CPCFA shall notify CDLAC via the email or the fax number as provided in Section 5140 of the CDLAC Regulations that the Bonds have been issued. This notice shall identify the Project Sponsor, the project or program, the date and amount of the Bonds issued.

Section 6. Within fifteen (15) calendar days of the Bond closing, CPCFA or its counsel shall formally transmit to CDLAC information regarding the issuance of the Bonds by submitting the appropriate completed Report of Action Taken in a form prescribed by and made available by CDLAC.

Section 7. Any differences between the amount of Bonds issued and the amount of the CPCFA Allocation dedicated in Section 1 of this Resolution shall automatically revert to CPCFA. If at any time prior to the expiration date set forth in Section 4 hereof the Project Sponsor determines that part or all of the CPCFA Allocation dedicated in Section 1 of this Resolution will not be required by the Project by that date, the Project Sponsor shall promptly give notice to CPCFA.

Section 8. In consideration of the CPCFA Allocation dedicated in Section 1 of this resolution, the Project Sponsor shall comply with all of the terms and conditions contained in this Resolution and ensure that these terms and conditions are included in the documents related to the Bonds. Further, the Project Sponsor expressly agrees that the terms and conditions of this Resolution may be enforced by CDLAC or CPCFA through an action for specific performance or any other available remedy, provided however, that CDLAC and CPCFA agree not to take such action or enforce any such remedy that would be materially adverse to the interests of Bondholders.
